

EC Now™

EC Now (Retail) is the latest electronic commerce product developed by Tailored Computer Systems P/L. It permits suppliers and/or manufacturers to trade electronically with major Australian retailers.

The base software includes full communications facilities for connection to the Connect.com EDI messaging facilities via the internet using FTP plus one EDI Kit of your choice.

A range of EDI Kits are available that have been customized for trading with specific retailers.

Myer/Grace Bros
Target
GHPL
Woolworths
BigW etc.

Application Kits are also available for interfacing with a number of Order/Entry applications.

TradeMaster (scan/packing)
Business Manager
Arrow
CBA
Attache etc.
